22nd Annual

February 5, 2020

Oncenter & War Memorial

Event Background

In the summer of 1998 auto dealer Roger Burdick approached the board of directors of the Syracuse Auto Dealers Association with a proposal to stage a black tie fund raising preview party on the night preceding the opening of the Association's annual auto show.

Based on a similar event at the Detroit Auto Show, Burdick hoped the Syracuse community would embrace this unique fund raising opportunity. What has evolved from that time until today has become one of Central New York's most successful fund raising events for charity.

Guests are treated to a private preview of the annual auto show to the accompaniment of three different musical groups, outstanding food, and the newest and most exciting cars and trucks.

A special Charity Preview committee of area auto dealers was formed and tasked to identify appropriate charities who could benefit from the preview and to organize the evening's program. An emphasis was placed on selecting charities that served children and families. And that continues today. The six original charities have grown to fifteen charities today.

Thanks to the major underwriters, the goal of the committee is to raise enough underwriting to cover the costs of the event. Since its inception each of the charities has received 99.5% of the money raised through ticket sales; gold, silver, and bronze corporate sponsorships; and individual donations.
